

Anticipation Guide

Anticipation Guide

What is it?

A way to activate prior knowledge.

An Anticipation Guide is a series of statements about the theme of an upcoming lesson. Student agree or disagree with the statements before the lesson. Then revisit their Anticipation Guide after the lesson to connect the statements to the text or lesson content.

Students should have their own copy of the Anticipation Guide (on a computer or paper).

agree disagree Drag a response into the appropriate box.

Before Reading	Statement	Page Number or Proof	After Reading
	The Senteo is easy to set up.		
	Teacher work can be streamlined with Excel imports and exports		
	Student engagement is easily embedded within a Notebook file.		
	Teacher work can be streamlined with Excel imports and exports		
	Senteo could be used for end of unit assessment.		
	Students should be able to have a full cell phone 'texting' keypad.		
	Once set up Senteos are easily integrated into Notebook lesson files.
